

**Affymetrix GeneChip Gene Expression Complete experiment**

*( including QC, labeling, hybridization, washing, scanning, data acquisition, analysis and elaboration- Genechip excluded)*

<b>Protocol</b>	<b>Price in Euro (VAT excluded)</b>
Standard synthesis protocol (starting from 3 µg totRNA) – single hybridization	445,00
Standard synthesis protocol (starting from 3 µg totRNA) –duplicate hybridization	480,00
Small sample synthesis protocol (starting from > 0,5 µg totRNA) – single hybridization	495,00
Small sample synthesis protocol (starting from > 0,5 µg totRNA) – duplicate hybridization	525,00
